Speaker Biography

Manfred Haehl, M.D.

Corporate Senior Vice President Medicine, Boehringer Ingelheim

Since January 2002, Manfred Haehl has been leading Boehringer Ingelheim's Corporate Medical and Drug Regulatory Affairs Division. He has extensive experience of German, European and US regulatory processes and has successfully lead and represented Boehringer Ingelheim in major regulatory submissions at the CPMP, the FDA and their Advisory Committee hearings.

Manfred Haehl joined Dr. Karl Thomae GmbH, a subsidiary of Boehringer Ingelheim in Germany, as Head of Cardiology in Clinical Research. International exposure includes assignments as European Medical Coordinator heading the Boehringer Ingelheim European Clinical Development and as Senior Vice President Medical and Drug Regulatory Affairs for Boehringer Ingelheim US and Regional Coordinator for the Americas.

Manfred Haehl graduated from the Medical School Ludwig Maximilian University Munich. Following clinical training he obtained board certification in gynaecology, obstetrics and in clinical pharmacology.
