

ORAL HEALTH

Boehringer Ingelheim welcomes collaborations with partners in **oral health**, who share our passion for improving the health and wellbeing of animals, to help us find solutions to some of the biggest challenges in animal health today.

Pursuing Innovation

- Targeting high, unmet needs to provide safe and effective treatment for animals with dental disease
- Research focus on non-surgical solutions for periodontitis.

Actively pursuing new partnerships in our areas of interest and open to a variety of partnership models to explore:

- Easily-administered treatments to prevent/reduce gingivitis
- Easily-administered treatments to prevent/reduce calculus build-up
- Treatments to reduce bone/tooth loss
- Treatments for feline odontoclastic resorptive lesions
- Treatments for chronic feline gingivostomatitis.
