

TECHNOLOGIES

Boehringer Ingelheim welcomes collaborations with partners in **technologies**, who share our passion for improving the health and wellbeing of animals, to help us find solutions to some of the biggest challenges in animal health today.

Pursuing Innovation

- Leveraging expertise in a broad range of formulation and biological delivery technologies
- Applying species-specific insights to implement novel delivery and formulation solutions
- Identifying and translating the most promising technology innovations into impactful applications across a variety of research fields.

Actively pursuing new partnerships in our areas of interest and open to a variety of partnership models to explore:

- Novel pharmaceutical delivery technologies
- Long-acting delivery formulations
- Manufacturing technologies, e.g., cell lines
- Biotherapeutic technologies including vaccine platforms/adjuvants.
